Transfer guides are produced as a service to MCC students. Every effort is made to maintain up-to-date and accurate information; however, this information is subject to change. Such changes take precedence over the information on this guide. Students should work with an MCC advisor and the four-year transfer school. Responsibility for complying with all applicable requirements ultimately rests with the student.

The College of Business offers the Bachelor of Science degree with majors in the following areas: Accounting; Business Administration (online); Business Economics; Finance; Management; and Marketing. Academic programs are accredited by The Association to Advance Collegiate Schools of Business (AACSB). The requirements listed below represent the minimum standards and do not guarantee admittance.

Transfer Options

- **AA or AS Degree** - Transfer students admitted to SIUC from an Illinois public community college who have completed an AA or an AS degree receive the following benefits:
 - Junior status
 - SIUC general education requirements satisfied (specific majors may require additional coursework)
- **Illinois Articulation Agreement (IAI GECC)** – Transfer students who have been certified by a participating Illinois college or university as having completed the IAI GECC will be considered as having satisfied SIUC's lower-level general education requirements if their general education component has a minimum of 37 semester hours (specific majors may require additional coursework).
- **For students who transfer prior to completing an AA or an AS degree or the IAI core:**
 - SIUC credit can be transferred back to MCC for completion of AA or AS degree.
 - If 30 semester hours of transferable credit is completed prior to transfer, SIUC will allow students to either complete the SIUC University Core Curriculum or the IAI GECC.

Additional Information

- **Admission Criteria** –
 - **Fewer than 26 completed semester hours of transferable credit at time of application** – Students are eligible for admission consideration if admission requirements of a beginning freshman as well as a transfer student are met.
 - **26 or more completed semesters hours of transferable credit at time of application** – Students are eligible for admission consideration with an overall 2.0/4.0 GPA as calculated by SIUC standards and good standing at last college attended.
 - Transfer students can apply up to 1 year in advance of the semester in which they intend to enroll at SIUC. Students are strongly advised to study the SIUC catalog and consult with a counselor for specific admission and course requirements within colleges and majors of their choice.
 - **GPA calculation for admission** – SIUC recalculates GPA for admission purposes, using coursework from all previous colleges attended. Developmental coursework is not included. Each earned grade of a repeated course is averaged in computing the admission GPA. If a student has earned an AA/AS degree from MCC, and SIUC's grading calculation causes the student's GPA to fall below a 2.0, the student will be admitted as long as no additional college coursework was taken upon graduating from MCC.

- **Maximum hours from a community college**
 - Transfer students must earn at least 60 semester hours of their degree at a four-year institution. Either the last 30 semester hours or a total of 90 semester hours must be earned at SIUC.
 - Effective for 2013/14 SIUC graduates, a minimum of 42 semester hours must be earned in 300/400 level coursework.
- **Catalog Rule** A transfer student from an Illinois public community college may choose to meet graduation requirements specified in the SIUC catalog in effect at the time the student entered the community college. The requirements from that SIUC catalog will extend for seven year.
- **Dual Admission** – The program allows baccalaureate oriented freshman students at community colleges to benefit from pre-advisement through SIUC for a chosen major at SIUC. It addresses specific departmental requirements that a student may not fulfill simply by completing their AA or AS at their community college. See an MCC advisor for more information.

Education Plan

The **bolded** courses satisfy the School of Business tool requirements. **Please refer to MCC’s AS degree planning sheet or catalog for approved IAI and Intercultural Studies courses.**

MCC AS Degree Requirements			
MCC Courses	Credits	MCC Courses	Credits
